Upward Movement of 170 Points Has Occurred in Little Over Two Weeks.

Estimate of the British Authority on Requirements for Current Season.

Since October 21, when January cotton New York sold at 10.35 for the third time succession without breaking further, the cotton market has had an advance of 170 points, or about \$8.50 per bale. This upward movement has been almost convulsively violent in character, with no reaction to speak about and has taken place within a little more than two weeks. all the more remarkable in view of the fact that it has come in the face of the heaviest movement of the crop when cotton has been coming into sight at the rate of 650,000 to 720,000 bales per week.

According to the conventional view of the trade such an advance is an impossibility, or as the old farmer said about the camel at the circus, "Thar ain't no sech Yet in spite of its impossibility it has happened, which is quite an ordinary thing in markets with organized specula-The strength of the cotton market has not been due to reduced crop estimates, although these have not been lacking. It has been due rather to the demand for actual cotton and the strong technical position of the market. Attention was pointed out in this column some time ago to the heavy hedge selling by Southern apot dealers against actual cotton which they had sold ahead to mills. The spinners had the right to buy in these contracts whenever they felt that the price suited them and thus "fix the price" on their supplies. Instead of this the spinners per-mitted the hedge selling to proceed without tted the hedge selling to proceed without attempting to "call" their cotton, and the result was the accumulation of an enormous short interest. When the market made its first recoil from the bottom spinners held off in their purchases, but in the last four or manufacturers have partaken of the nature

ican required, say 14,397,000 bales of ordi-The above figures of the various growths

compare as follows with those of the pre

American 1912-13. American 14,397 East Indian 1,000 Egyptian 9(9) Sundries 300	1911-12. 1 14.411 701 833 275	1910-11 11.956 1.206 876 291

ners during the past season added very greatly to their reserves, and should the necessity arise could very easily encroach upon these, and even should the reduction int to 1,000,000 bales their stocks at the end of the season would remain about the same as those at the end of the season

'In considering the probabilities of the outure course of prices it must not be over-coked that a considerable proportion of this season's requirements have been pro ided for out of last year's surplus, which, visible and invisible, forms one of the largest on record. Present prices appear reasonable until more certainty attains as to the probable American yield, which ing to the lateness of a large proportion of the crop will this year be more than usually determined by the date of killing frost. A moderate crop, however, will be amply sufficient for the world's requirements, while under a full yield values will have to seek a lower level. With good East Indian and Egyptian crops any scarcity this season is practically out of the question, as the above estimates make plain. On the other hand, the Balkan crisis and general political outlook may have a very unfavor able effect upon consumption and neces sitate some revision of estimates later on."

One remarkable feature of the present ituation is the enormous outgo for exsituation is the enormous outgo for ex-ports. Last year exports reached the big total of 10,500,000 bales. This year it was believed they would not exceed 8,500,000, but exports to date are 2,686,000 bales against 2,757,000, or only 66,000 bales behind last year. It looks as if England and the Continent were trying to buy the whole crop of Texas and Oklahoma, as the staple in the Southwest is considered to be more desirable than that of the upland sections and the rest of the belt. On the present basis exports could easily reach 10,000,000 bales, which out of a crop of 14,500,000 would leave only 4,500,000 bales for American mills, whose requirements are easily a million more than this figure.

LEFT BOUND ON CAR TRACKS.

Man Gagged and Robbed Thought Victim of Realty Swindlers.

PHILADELPHIA. Nov. 9. - Henry Jarmon. a young man living in North Thirteenth street, was foundabout 10 o'clock this evening bound and gagged on the cartracks of the Public Service Corporation just outside of Camden by a motorman just in time to keep from running over him. He had been robbed, he said, by two men of \$300. The Camden police say that from the description which Jarmon gave of his assailants there is no doubt that they were real estate swindlers who have been infesting that part of New Jersey.

Torpedo Boat Damaged.

NORFOLK, Va., Nov. 9 .- Bound to Charlesles, S. C., via the inland waterway, the terpede boat Stockton collided with a barge in Pamilico Sound and put in at Newbern, . D., with a badly damaged bow. SENATE IS DEMOCRATIC.

Will Have Two Majority and Posalbly More.

WASHINGTON, Nov. 9 .- The returns to-day from Oregon, indicating certainly the election of Henry Lane, the Demo-crat, to the United States Senate to can, settled all doubt as to the Democrats having a clear majority in the next Senate, a majority of only two over the Republicans.

The States in which the Democrats ELLISON ON CONSUMPTION have certainly gained from the Repub- BALKAN WAR AS FACTORicans are New Jersey, Montana, Oreron, Kansas, Delaware, Nevada and Colorado, the last with two members. The Republicans made a gain of one each in West Virginia and Maine, leaving a net gain of six for the Democrats Illinois Legislature is deadlocked, the Progressives and Socialists holding the balance of power and the political State is in doubt.

Michigan, Wyoming and South Dakota are still in doubt and the Democratic margin of two may grow.

DEMAND FOR COPPER INCREASES AGAIN

succeed Jonathan Bourne, Jr., Republi- Europe About to Replenish Depleted Stocks of Red Metal.

Producers' Statement Shows 13,000,000 Pounds Increase in Stocks.

The most gratifying feature of the copper market last week was the partial recovery complexion of the Senators from that by European consumers of their courage, which resulted in good inquiry for the metal. Actual sales, however, were not immediate. owing to the fact that the producers who were able to supply desired tonnages refused to budge from their asking price of 1724 cents a pound. Indications were, however, that prospective buyers would shortly come up to the mark and pay the demanded price. While revealing an increase of over

3,000,000 pounds in surplus stocks in the inited States on November 1 over the first of the preceding month, the Copper Producers statement, issued Friday, was not regarded as bearish, for it was well known that Europe at least was down to rock bottom as regards supplies. That domestic consumers have been warranted in with-holding from the market became apparent through the fact that domestic deliveries of copper during the month of October which exceeded \$4,000,000 pounds, were the largest on record, the nearest approach and himself indicted under the Federal white slave act, found himself to-day enguifed in a sea of trouble that gets rougher every minute.

Neither his money, the diamonds that being the preceding August, when over of the industry. On the other hand exports were materially lower than any month of the year, due largely to the attitude of foreign manufacturers for the last few months. angry protesting shouts of the white prisoners in the fifth tier of cells, who resented the negro's proximity.

Total deliveries from refineries, however, exc eeded those of October by 8,000,00 pounds, due to the heavy domestic shipments. It is necessary to go back to Febru-ary, 1911, to find exports lower than the

John S. Wise III in Philadelphia. PHILADELPHIA, Nov. 9. John Sergeant and endeavoring to organize the shop. Wise, lawyer and author, is ill in Bryn Alfred H. Gildden, superintendent of Mawr Hospital, where he was brought tothe plant, denies that the shutdown is the result of activity on the part of the l. W. W. and says the factory has been closed for repairs.

Said Institute, where he was brought to day from his country estate at Kiptopeke, Va. Dr. Gerhard, the surgeon in charge, said he could not tell as yet what the diagnosis of Mr. Wise's case might be, but he did not think there was danger of serious complications.

Accuses Him of Grand Larceny.

Otto Sesick, who had been the trusted steward in Raub's Restaurant in Brook yn and who had lived over the café on the Nevins street side, was arraigned yesterday before Magistrate Voorhees in the Adams street court yesterday on a charge of grand larceny made by Joseph A. Walker, Raub's manager.

Joseph A. Walker, Raub's manager.
Following his discharge from Raub's a few days ago Sesick moved with his belongings to 45 South Elliott place and on Friday night two barrels and two boxes filled with a miscellaneous collection of goods that he is alleged to have purloined from Raub's were taken in a patrol wagon to the Adams street station. Included in the articles were eleven bottles of liquor, a lot of canned goods, 105 new table napkins, lace curtains, hand mirrors and an American flag.
Sesick was held in \$500 bail for examination on Friday. Through his lawyer, John S. Bennett, he protested his innocence and declared that he had not put the goods in the barrels and boxes. Two weeks ago, when Sesick had one of the porters in court on a charge of assault, Raub swore that he would trust the steward to any extent.

FORDHAM RECTOR GIVES HIS VERSION OF REVOLT

Says Insurgents Quit Because One Was Deprived of Executive Office.

The Rev. Father Thomas McClusky, president and rector of Fordham University, said yesterday afternoon that the resignation of Dean James J. Walsh and flable on the grounds that the college matter is settled the better it will be for administration had not kept faith with business; if the question is approached its agreement made in 1911 to the American Medical Association.

The agreement referred to was made when an inspector of the American Medical if the school were to be ranked in the "A"

EVEN HURT WHEN BOMB **EXPLODES AT FILM SHOW**

pataforo, Alleged to Have Grudge Against Pianist, Is Arrested.

Seven men and boys were injured last night when a bomb exploded in the Theatre Roma, a moving picture house in First avenue, one door from Eleventh street. The police believe the bomb was placed by Nunzio Spataforo, who is alleged to have been making futile demands for money upon the woman who plays the piano in the bad wound. Meanwhile the robbers theatre. They arrested him.

The bomb was set against the heavy wooden door of an emergency exit which opens on a court, from which there is passage to the street through the hallway of the tenement at 402 Eleventh street. Those most seriously hurt were sitting

near this door.
Some three hundred persons were in the theatre when the bomb burst. The panic was greatest in the small gallery, which was packed full of women and children, but the picture machine operator, Marcello Feva, pre vented serious injury among these by flashing on the lights and jumping out into the gallery, where he held back the rush for the stairs and calmed the

Tony Sfellazzo, 14 years old, of 412 East Twelfth street, who had been sitting in the seat next, the door, was the most seriously hurt. He had a badly torn leg. Michael Loccalo of 406 East Eleventh street had been thrown down in the jam. His knee was injured. Most of those the doctors fixed up

The proprietor of the show is Thomas Cassessa, who lives with his father, Biagio Cassessa, on the second floor of the building. The older man was complainant against Francesco Cenigle, who recently was sent away for seven years for writing threatening letters to him.

He told Detectives Carrao and Grottano that Spataforo had made frequent demands to be admitted to the theatre free and that Friday night he had been turned away and told not to come back. Cassessa was on the street, he says, Police Asked to Find New Brunshallway which opens on the court just before the explosion.

Mrs. Alvera Cortese of 168 East 106th street, the planist in the theatre, told the detectives that Spataforo had demanded money from her and even followed her to her home to press his demands. She said he often sat in the class at the high school and hed announced

FORMER BAUB STEWARD HELD. ST. LOUIS MERCHANTS FEAR TARIFF TINKERING

Majority Say Democrats Should Give Business a Chance to Prosper.

EXPECT CUT IN END

They Would Like to Have Time to Adjust Affairs Before Change.

St. Louis, Nov. 9.-Melville L. Wilkinson, president of the Scruggs Vandeervoort and Barney Dry Goods Company of St. Louis, interviewed to-day, says he favors delaying the discussion of the tariff until the opening of the regular session of Congress. "The calling of a regular session of Con-

gress to discuss the tariff will cause uneasiness and apprehension and disturb business in the midst of a busy and prosperous season," he says. "For that reason would favor delaying the discussion of the tariff until the regular session, which would give those interested an opportunity to adjust their affairs so that any changes that might be made might be met with the least disturbance to trade."

Charles A. Stix, president of the Stix, Baer and Fuller Dry Goods Company (Grand Leader) favors an extra session of Congress to discuss the tariff. Mr Stix said:

"I believe it would be better to call an extra session of Congress and dispose several other members of Fordham medi-cal school teaching staff was not justi-legislation on the tariff the sooner the matter is settled the better it will be for with fairness and impartiality there are some things on which the tariff should be reduced and some on which it should not be reduced, and the subject would Association suggested certain changes be treated scientifically by an impartial if the school were to be ranked in the "A" non-partisan board after careful con-

Bandits Stop Victim on Stairwa and Get \$954.

Barnard Goldstein, a bookkeeper for the Interstate Novelty Electric Company on the fourth floor of the building at 104-108 South Fourth street, Williamsburg, was held up at the point of two revolvers in the hallway last even-ing and robbed of \$954. The money was intended to pay off the employees. The bandits reached the factory in a taxicab, whose license number seemed to be obscured.

Goldstein was walking upstairs and had reached the fourth floor fanding when the bandits jumped out and pressed the muzzles of their revolvers into his face.

"Come, hand over the coin quick." whispered one of the gun men, while the other, who noticed that Goldstein L.S. SAMOLLOFF "BELL CANTO" SINGING the other, who noticed that Goldstein was hesitating, struck him across the forehead with his revolver, inflicting a ripped open the bookkeeper's coat and secured his roll. When Goldstein attempted to resist he received another blow on the head and keeled over to the floor.

As the bandits ran down the stairs of the Oberstetrink company on the third floor, who were on the point of stopping them when the gun men shoved revolvers into their faces and the thieves had no further trouble.

SON BREAKS SCALE MAN'S WILL

Disinherited Relative Defeats Widow of Samuel N. Brown.

BOSTON, Nov. 9 .- The will of Samue! Brown, who was connected with the Fairbanks Scale Company, and who left an estate appraised at \$631,000, was disallowed to-day by Judge Grant of the Probate Court on the ground that at the time he executed it he was not of sufficient mental capacity to make a will and that he was unduly influenced.

The testator left about all his property to his widow, Charlotte Brown, a second wife, and practically cut off his son, Harold H. Brown, by his first wife, with a legacy of only \$1,000. The son con-tested.

Now that the will has been disallowed the son will get two-thirds of the estate and the widow a third, but it is possible that some amicable arrangement has been made whereby the widow may get more.

TWO YOUNG PAIRS MISSING.
